### U. S. SHOULD GO SLOW

To Editor, The Age-Herald:

A timely article, under caption, "Careful, Dorothy Thompson," appeared in your paper recently. We as a nation are opposed to Hitler's persecution of the Jews. However, many of us feel that the recall of our ambassador was a little premature, we should not allow ourselves to be swept off our feet by unofficial news or what often proves to be unreliable and exaggerated reports.

We all feel that conditions in Germany, as far as the Jews are concerned, are intolerable, but let us go slow and not be incited to hasty action because of the indiscreet speeches of the over-publicized Dorothy Thompson and a few men in public life who seem to have forgotten that we have a department of state which is very able to take care of our international affairs.
