By United Press.

BERLIN, Nov. 17.—An official move to drive Jews from their homes in Germany was announced today by Der Angriff, organ of Dr. Paul Joseph Goebbels, propaganda minister.

The announcement said:

CITY TVA VOTE FACES PROBE

Election Of 1933 Probably
Will Be Investigated By
Congressional Group

Birmingham's municipal ownership election in 1933, in which plans to bring Tennessee Valley Authority power here were voted down at the polls, probably will be probed by the congressional committee investigating TVA, it was learned in Washington today.

The Post's Washington correspondent reported there is talk here of sending a subcommittee to Birmingham to conduct hearings in the matter.

It was learned that the committee has had special investigators in Birmingham for some time making a preliminary probe.

It is understood the committee is particularly interested in de-

termining the treatment of Jews.

"It is officially estimated that 8000 homes in Berlin alone will be vacated because Jews in the future will be unable to afford the expenses of the homes. Large de luxe apartments probably will be partitioned among Germans."

Provisions of the decree were expected to be issued shortly.

Goebbels' announcement coincided with a press outburst against President Roosevelt.

The chief attack was contained in an editorial in The Nachtausgabe by its head political correspondent, Otto Kriek. It charged that "American imperialism" dictated the President's "mixing into German affairs" by his statement on the treatment of Jews.

The newspaper Bz Am Mittag attacked President Roosevelt as "the garrulous President" in connection with the Pan-American conference at Lima, which it charged the United States would use solely to enhance its power.

"The aim is to hammer into South American nations—in the interests of huge North American capital investments—that their entire well-being lies only under protection and auspices of the Star Spangled Banner."
